

Saving i-CATVision Images to a Zip File

Step 1

Launch i-CATVision if it is not already running.

From the top Main Menu, select **Tools > Create Export CD** (we will use this tool even though we are not going to create a CD)

BLOGGS_Fred	-		
Make New Folder OK Car	ncel		

The i-CATVision images and a copy of the i-CATVision software will be written to the folder. When this is finished, the following message will appear:

Write to	Destination Folder: 🔀
Done	
	UK

Click **OK** and then close i-CATVision.

Step 4

Find the folder you just created on your Desktop (e.g. "BLOGGS_Fred"). **Right-click** (with the **right** mouse button) on this folder and select **Send to Compressed** (zipped) Folder:

Step 5

Find the Zip File you just created – it will have a picture of a zip on it:

Copy this file to a memory stick or email it to your colleague.

Send your colleague the document "Installing i-CATVision and Importing Studies from a Zip File" as well.
