

Installing i-CATVision and Importing Studies from a CD

Step 1

If you already have i-CATVision installed on your computer you may skip to Step 2B.

Step 2A

Insert the CD into the CD drive. It will AutoRun and you should see the following dialogue box:

atoPlay	- • •
DVD RW Drive (D:) iCAT	/ision Data
Always do this for software and gam	es:
Install or run program	
Run Runthis.exe Publisher not specified	
General options	
Open folder to view files using Windows Explorer	
Set AutoPlay defaults in Control Panel	

(If the CD does not AutoRun – navigate to **This PC** and double-click the CD drive. If it still does not AutoRun – **right-click** (with the **right** mouse button) the CD drive and select **Open**. Then **right-click** the file **Vision.exe** and select **Run as administrator**).

Click **Run Runthis.exe** and you will see the following Licencing Terms:

Click ACCEPT to continue.

Step 3A

You will see the following dialogue box:

iCATVision	Information	X
?	iCATVision has been detected on this medium. Would you like to install it (YES) or only use it one time (NO)?	
	Yes <u>N</u> o Cance	I

Click Yes to install a copy of i-CATVision on your computer.

Step 4A

You will see a "Browse For Folder" dialogue box. Navigate to the folder C:\Program Files (x86)\ISIP\iCATVision if not already highlighted.

Click **OK** to continue.

Step 5A

You will see a dialogue box similar to the following:

Click Yes to continue.

Step 6A

You will see the following dialogue box:

iCATVision needs Information	X
Would you like to store the data permanently (YES) or tempora	arily (NO)?
Yes <u>N</u> o	Cancel

Click **Yes** to store a copy of the patient data on your computer.

Step 7A

You will see this dialogue box while the images are being imported:

Study Import	×
Source Folder:	
Browse D:\	
Status:	
Importing please wait	
	Import Cancel

After a short time, i-CATVision will open and you will see your Patient in the Study List. Click on the **Patient Name** and then click on the **Study** to view your images.

If you already have i-CATVision installed on your computer:

Step 2B

Insert the CD into the CD drive but **DO NOT LET IT AUTORUN:**

Step 3B

Launch i-CATVision and select Tools->Import Study:

Step 4B

You will see the following dialogue box:
